

## **Audio Script of Tutorial video**

### **Spoken Audio when screen is down showing animation:**

Attention Pioneer, the following instructional video is a summary of your impending duty as an exo-planetary pioneer for FICSIT Incorporated. FICSIT Pioneers have 3 assigned cyclical pillars of work to ultimately accomplish Project Assembly.

1. Construction
  - a. Use provided blueprints to build the necessary buildings.
2. Explore
  - a. Chart the planet and gather resources to provide desired results and improve your infrastructure.
  - b. Make sure to report any additional discoveries to R&D (Research and Development) for analysis.
3. Automate
  - a. Expand your factories outposts and pipelines through automation and augmentation.

That's it! get to work and be effective!

### **Spoken Audio after screen is stowed away:**

Warning planetfall imminent, please remain seated during full procedure.  
Atmospheric entry in 5, 4, 3, 2, 1, Planetfall procedure initialized.

Planetfall complete, please ensure that the integrity of your multi-purpose exploration suit is at 100%. Remember efficiency first. Godspeed.

**All spoken audio after this point has subtitles at the bottom of the screen.**
